COMMUNITY WALK WITH FOCUS ON NATURE

Ecologist Ben was on hand to help identify the finds.

MORE than 100 people took part in the various stages of a community walk with a focus on nature. The event was held courtesy of Partneriaeth Pennal landowners on the Dyfi Estuary.

The walk started from Caeceinach and involved children observing insects and watching out for birds helped by the ecologist who has been doing surveys to inform the Pennal 2050 project.

Funds were in aid of Pennal School and a fun time was had by all. The weather stayed fine and the views were spectacular.
